

Program 5

Math:

$\text{gallons} = \text{COVERAGE_PER_GALLON} \times \text{squareFeet}$

$\text{paintCost} = \text{gallons} \times \text{pricePerGallon}$

Labor charges

$\text{laborCost} = \text{hours} \times \text{LABOR_RATE}$

Total cost

$\text{totalCost} = \text{paintCost} + \text{laborCost}$
